It is an in-house product of IP Innovative Publication Pvt. Ltd. The advertisement concludes with the heading 'Why MPRP?' and a partial sentence: 'If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your'.

**CONTENTS****Original Article:****Spectrum of breast diseases with Cyto-Histopathological correlation in a tertiary care hospital of Western Uttar Pradesh 1-7**

*Ranjan Agrawal, Nitesh Mohan, Jagdamba Sharan, Garima Gupta, Parbodh Kumar*

**Distribution pattern of ABO grouping and Rhesus typing among blood donors: a study from a tertiary care teaching hospital blood bank of Dr. BR Ambedkar Medical College, Bangalore 8-11**

*Anushree CN, Sujatha R, Sunita Basanagouda Patil, Jaya Prakash HT*

**Awareness of cancer among blood donors in a tertiary cancer centre in Eastern India 12-17**

*Nabajyoti Choudhury, Asitava Deb Roy, Soumitra S. Datta, Karolina Gombert, Robin van Dalen*

**To evaluate the role of cellular swirls in fine needle aspiration cytology diagnosis of papillary carcinoma thyroid 18-22**

*Binay Kumar, Usha Joshi, Priyansh Srivastav, Harsh Khetan*

**Factors affecting platelet yield in single donor plateletpheresis: A single institution experience 23-26**

*Ch. Geetha, M. Pavani, Padmaja Korti, E. Jayashankar, AK Deshpande*

**Hurthle cells in thyroid FNA: mimic or a dilemma? Is it possible to accurately differentiate non-neoplastic from neoplastic hurthle cell lesions? 27-30**

*Manas Madan, Manisha Sharma, Sanjay Piplani, Karamjit Singh Gill*

**Core needle biopsy verses fine needle aspiration cytology in palpable breast lesions- a comparative study 31-34**

*Manisha Sharma, Manas Madan, Mridu Manjari, Taranveer Singh, Komalpreet Kaur, Surbhi*

**Prospective study of characteristic of patients with Oral squamous cell carcinomas 35-38**

*Nitika Kesarwani, Meena Harsh, Neena Chauhan*

**A histomorphological study of the neoplastic polypoidal masses of the nasal cavity, paranasal sinuses, and nasopharynx 39-44**

*Radha RK, Prakash CJ, Kavya Bharathidasan*

**A cytohistopathological study to evaluate the diagnostic role of Fine-needle aspiration cytology (FNAC) in salivary gland lesions 45-51**

*Rashmi Jain, Ankit Jain*

**Spectrum of papillary lesions of breast with immunohistochemistry and review of literature 52-55**

*Rupali Bavikar, Sanjay Deshmukh, Tejal Khande*

**An autopsy study of pathology of liver in tuberculosis 56-62**

*Kavita Leeladhar Khedekar, Sangita Ramulu Margam, Nitin Maheshwar Gadgil, Gourav Sakhare*

**Is NESTROFT better than the hematological indices for screening of beta-thalassemia trait: an answer in rural scenario 63-70**

*Sanjay Piplani, Manjot Kaur, Manas Madan, Monika Lalit*

**Papillary squamo transitional cell carcinoma of the uterine cervix: A histomorphological and immunohistochemical study of 10 cases 71-76**

*Shanmuga Priya S, Leena Dennis Joseph, Rajendiran S., CN Sai Shalini*

**Evaluation of platelet count as a predictive parameter in pediatric patients with dengue fever in a tertiary care center in Davangere 77-79**

*Shwetha JH, Ashoka A, Shashikala P*

**Histopathological overview of central nervous system tumours in North Maharashtra, India: a single center study 80-84**

*Shivraj Nagnath Kanthikar, Dhiraj B. Nikumbh, Nadkumar V. Dravid*

**Utility of CK 20 and micro vessel density in diagnosis and prognosis of urothelial neoplasms 85-91**

*Shruthi Hosur Puttappa, Rangaswamy R*

**Cytological correlation of spectrum of head and neck lesions with epidemiological and diagnostic parameters 92-97**

*Rahul Mannan, Sanjay Piplani, Sonam Sharma, Mridu Manjari, Shruti Gupta*

**A study of Ki 67 immunostaining in breast carcinomas: Correlation with histopathological prognostic factors 98-102**

*Shetageri Shruthi Neelakanth, Satish Suchitha, Vimalambika Gubbanna Manjunath*

**Utility of manually constructed large core micro-array for routine immunohistochemical assessment of ER, PR and HER2 in carcinoma breast 103-107**

*Sunilkumar KB, Nikethan B, Harini R*

**Age specific prevalence of endometrial hyperplasia in a tertiary care centre from south India 108-110**

*Supriya Sandeepa, Jayaprakash HT, Ashwini MC*

**Our experience in soft tissue tumours in correlation with Immunohistochemistry: A retrospective study 111-116**

*Usha Muniyappa, Vijaya Mysorekar, Pooja Trehan*

**Cyto- histopathological correlation of breast lesions -A rural hospital based study 117-121**

*Varsha Pandey, Naveen Kumar Verma, V. Sudarshan, KS Chandrakar, Anjana Sharma*

**The spectrum of various palpable pathological lesions in head and neck region in a tertiary care hospital - FNAC study 122-126**

*Vedashree MK, Girish M, Maruthi CV*

**Accuracy and reliability of Tzanck smear compared to histopathology in ulcerative and nodular lesions of Skin 127-131**

*Govindaraj T., Venkatraman J, Rangaraj*

**Evaluation of incidence of anemia in type 2 diabetic patients with normal renal function 132-134**

*Archana Gupta, Swati Gupta, Vipin Gupta, Vivek Gupta*

**Blood donor deferrals in a tertiary care teaching hospital blood bank in Bangalore - A**

**retrospective study 135-138**

*Sunita B. Patil, Anushree CN, Neeta PN, Sujatha R*

**Study of morphological features of breast carcinoma in relation to ER/PR status 139-146**

*Chaitra B, PAV Krishnamacharyulu, P Premalatha, V Tejeswini*

**Case Report:**

---

**Primary mesenteric fibromatosis: Report of a sporadic case 147-149**

*Soumya BM, Chandrasekhar HR, Sunil S. Byadgi, Vikram Y, Vardendra Kulkarni*

**Verrucous carcinoma and Syringocystadenoma papilliferum of thigh - An unusual collision tumor 150-152**

*Amita K, Shobha SN, Vijay Shankar S, Abhishek MG*

**Adenosquamous carcinoma of gallbladder presenting as chronic cholecystitis with cholelithiasis- a rare entity 153-155**

*Nitesh Mohan, Ranjan Agrawal, Parbodh Kumar*

**Multiple myeloma presenting as bilateral pleural effusion: a rare case presentation with review of literature 156-157**

*Rigvardhan, Prashant Sengupta, Nishant Taur, Vasu Vardhan*

### Manuscript Peer-Review Process

Manuscript Peer-Review Process is a web-based portal that can be accessed 24\*7 under good internet connection. It is a set of editorial services that allows a user to run a journal efficiently. It includes journal pre-publication services, editorial workflow & post publication services. We provide a high level of flexibility, so you can select the services you need and integrate your existing workflow. It allows smooth flow of all publication functions of an editorial office on a single independent platform, no software installation is required, only requires Username, Password to login in different panels.

MPRP manages all the authors, reviewers, editors' details and its integration with the social and professional network. It is inhouse product of **Innovative Publication Pvt. Ltd.** which is managed and operated by Innovative Publication and currently running with around 50+ Journals.

### Why MPRP?

If your research is ready to share with world, our submission portal will help you with a user-friendly platform to submit your
